## ***Summer School Afternoon Exploratory Classes*** **Grades 6-8**

*Students attending 6<sup>th</sup> -8<sup>th</sup> grade Warren County R-3 Summer School Program will attend exploratory classes in the afternoon. The students will rotate through these enrichment classes in the afternoon following their lunch break. Please review these classes with your child.*

### **Puzzle Pandemonium**

The *Puzzle Pandemonium* course enables students to enjoy a variety of puzzles and games. From spectacular structures of every form imaginable to mind teasers that help students explore creativity, this course is a sure winner! Puzzles and activities are level appropriate.

### **Passports around the World**

The *Passports around the World* invites you to travel abroad from Europe to South America and many more places. This will be an exciting journey where you will explore the art, culture, foods, and recreation of different countries. Each student will make his or her own identity card. Each card will also have a photo of the student which will be taken in class. On the last day the students will celebrate with a Fiesta. Come aboard and travel the world with us!

### **Imagination with Lego's**

Do you want to know about gizmos, gadgets, widgets, gears, belts, and pulleys? Well you're in luck. Students will actually build working machines using fun LEGO elements. Students will work with simple machines and will incorporate science and technology during these activities.

### **Roller Coaster Tycoon**

Do you have what it takes to create an ultimate theme park? *Roller Coaster Tycoon* is a simulation strategy computer game that walks you through building a theme park. Players can choose from dozens of roller coaster types and can also build log flumes, carousels, haunted houses, go karts, and swinging ships, among other rides. This is a wildly popular game that covers it all with advice for designing the best rollercoaster and other rides. You will receive tips for keeping your guests happy and hints on how to manage the park.

### **Space Simulation Camp**

Are you interested in science...well we have just the class for you! Through humorous animated trials, Science Court directly challenges common misconceptions in earth, life, and physical science topics. Students critically examine the facts, articulate their understanding in multiple ways, and perform hands-on experiments to predict the trial decisions and final verdict. This engaging, research-proven approach will help your students build lasting understanding in science while fully engaging them with the humor of Science Court.

### **Physical Education**

Let's get moving...have fun with outside activities.

Warren County R-III School District  
**MEDICATION POLICY**

Prescription medication will be given by school personnel. Medication must have a pharmaceutical label stating (1) child's name, (2) name of medication and instruction as to dosage, time, etc. (3) name of doctor prescribing medication and, (4) a current date. Medications will only be administered as stated on the prescription label.

**Parents may not send medicine with their child to school. It is the responsibility of the parent or legal guardian to bring the medicine to school.**

It should not be necessary to give more than one dose of medication per day during a six-hour school day. Most medication schedules can be arranged so that all doses of medication are taken at home. Exceptions can be arranged with the school nurse.

Students who require emergency medication should have their medication properly labeled as described above. Specific written instruction needs to be provided as to when and under what circumstances medication is to be given. This information will be provided and signed by the student's physician annually.

The district may administer over-the-counter medication to a student upon receipt of a written request and permission to do so by a parent/guardian. The district will provide Advil or generic substitute, Tylenol or generic substitute, upon written permission from parent/guardian up to two (2) doses per semester. Further dosage will only occur with written doctor's permission. All over-the-counter medications must be delivered to the school principal or designee in the manufacturer's original packaging and will only be administered in accordance with the manufacturer's label.

Please check the following over-the-counter medication(s) the district is authorized to distribute to your student:

**Acetaminophen (generic Tylenol—provided by district) (Dosage by weight)**  
**Ibuprofen (generic Advil—provided by district) (Dosage by weight)**  
**DO NOT GIVE**
