

Warren County R-III Bus Routes for 2010-2011

Attached are the route descriptions for the Warren County R-III School District for the 2010-2011 school year. Route numbers are the actual bus numbers that are being used for that route. Bus routes that have "S" behind the route number indicates that the route is a single route. A "D" indicates that it is a double route with "DA" being the first route in the morning and "DB" being the second route for that bus number. In the afternoon, these routes will be switched and "DB" will be taken home first and "DA" will be taken home second. This is being done to help reduce the amount of time the bus rider students need to be held in the school to be placed on their buses home. Parents and/or guardians are reminded to be at the bus stop at least 10 minutes before pickup time for the beginning of school. The bus stop locations and times listed are based on past school years bus routes and new student information as of the first of August. The locations and times will probably change as the school year progresses due to new student ridership, changes that need to be made in driving of route, and other factors that affect times. After the new school year is under way and the routes become more consistent, any changes will be sent to both students and parents to help keep everyone up to date on the current bus route schedule.

Rt. 1DA - Country Meadows - Paige Marie at Lisa Marie 6:40, Anthony Steven Court at Paige Marie 6:43, Balboa Circle at Santa Maria 6:45.
